## Fiscal Strategies for a Long Retirement Life

Thanks to healthy lifestyles and medical advances, your chances of living to age 90 and having a better quality of life in retirement are increasing every year. These strategies can help you enjoy a long, fiscally healthy retirement, no matter how old you live to be.

- ❖ Reduce or eliminate high-interest debt such as credit-card debt.
  - ❖ Look for satisfying, affordable vacations nearby.
  - ❖ Research ways to reduce your housing costs.
    - ❖ Change your spending behaviors today.
- ❖ Make sure the dollars will be there for you tomorrow.

Create more income

Research shows that staying engaged prolongs life:

- ❖ Work longer at your job.
- ❖ Start your own small business.
- ❖ Consider part-time work.
